2015/3530/P	James Sanson	1a Prince Arthur Road NW3 6AX	26/07/2015 11:31:02	SUPPLETTER	<p>resubmitted due to my error on 1st submission, i incorrectly flagged the comment type. now correctly flagged as support letter.</p> <p>-----</p> <p>I've lived in and around this area most of my life, including just around the corner in Prince Arthur Road since 1994. I support the new plans for 22 Frognal Way. The existing house was built in 1975 and seems to be an odd and awkward design that can't have been good to use as a residential property. It looks more like an industrial or utility building. I can't believe this was a family home. That said, I like the new plans for the proposed house and am keen to see something built on this site after its been rotting for years. I welcome improvements to the area and the proposed application would revitalise a site that's been neglected for ages - and It would be good to see a new family home built on the site after its been unoccupied and unwanted for so many years. I was at the public exhibition earlier this year and chatted with the architects, planning and heritage consultants. I spoke with the new owners and I'm confident this house will be a welcome replacement for the area.</p> <p>I notice that the Hyelm House youth hostel opposite me has very recently been given planning permission for a significant change of use, and I believe the impact of replacing 22 Frognal Way with a better house will be minor in comparison, and will make a huge improvement to the conservation area. I chatted with other visitors at the open day and met some of the neighbours of Frognal Way and note that they are fully supportive of the replacement of this house. Surely no Hampstead house owner wants an on-going blighted site like 22 Frognal way has been now for many years.</p> <p>I want to support the new plans for 22 Frognal Way.</p> <p>James Sanson 1a Prince Arthur Road, NW3 6AX</p>

2015/3530/P	Dr Omri Gottesman	1 Holly Bush Hill Hampstead London NW3 6SH	26/07/2015 18:18:42	SUPPRT	<p>Having grown up on Frognal, attended UCS and bought a house on Holly Bush Hill I am very familiar with the property at the end of Frognal Way. The house has always struck me as unsightly and the current state of disrepair further undermines the look of the street and local area. I have reviewed the design for the proposed property and feel this will benefit not just the site but the area as a whole. As such I wish to show my support for the proposed design and look forward to seeing a beautiful, discreet family home where there was previously a derelict mess.</p>
