2015/3530/P	David Margulies	14-16 Perrins Lane London NW3 1QY	28/07/2015 01:11:08	COMMEMP ER	Following the examination of the extremely thorough set of documents, I can only conclude that the proposed scheme has been composed with the utmost care and concern. The elevations of the proposed building construction have been drawn up with great sensitivity to the environment as a whole, and to the immediate neighbours in particular. In particular, the proposed arboretum would be a fine addition to the ecology and aesthetics of the surrounding area. The present structure is in serious disrepair and has no qualities worth saving.
2015/3530/P	Lucille Smithson	40 Platts Lane Hampstead NW3 7NT	27/07/2015 10:14:48	SUPPRT	<p>I would like to express my support for the new design for the site at 22 Frognal Way. As Hampstead residents, and regular users of the footpath up to Church Row with our children, it would be good to see a new family home in the site which appears to have been empty for many years. We also appreciate that the existing trees will be preserved, to keep Hampstead the leafy place so many of us hold dear. It will be good to see a new home to add value to that beautiful street.</p> <p>We are happy to support this application. Lucille Smithson</p>
