2015/3936/P	Louise Chatterton	Garden Flat 7 Platts Lane London NW3 7NP	27/07/2015 15:34:43	OBJ	I am against this development as it currently stands. In the area we have had to put up with the development of the Kidderpore Green site, which has been ongoing for a while. Once complete, it will be introducing many new residences and the associated traffic. The traffic in this area is already extremely busy and I do not believe we can sustain another huge development. There is a school on Kidderpore Avenue and I believe the traffic of the development vehicles will pose a real threat to the children who attend. If this development were to go ahead, I cannot see how Kiddepore Avenue can support 156 additional units and the associated traffic. I am also extremely concerned about the removal of trees as the area is currently very green. I am strongly opposed to this development going ahead.
