2015/3100/P	Emily Szasz	Flat 3 89 Priory Road London NW6 3NL	26/07/2015 12:47:14	OBJ	<p>Height and length of extension:</p> <ul style="list-style-type: none">- The height of the extension would be level with the windowsills in our flat.- It is incorrect to say that this is "broadly in line with the existing ground floor storey height".- This will obscure our view of the communal garden; the current view of the garden will be replaced by a view of the extension.- The proposed length of the extension is also a concern for the same reason. <p>Materials:</p> <ul style="list-style-type: none">- The proposed "enlarged window facing the rear garden" is out of keeping with the style of a Victorian building, as is the timber privacy screen. <p>Privacy concerns:</p> <ul style="list-style-type: none">- There will be a direct sight line from Flat 3 into the extension by way of the proposed skylight. This creates privacy concerns.
