July 24, 2015

Dear Sir

Planning Application 2015/3564/P

I am owner/occupier of this property. I am a pensioner, and am not (and never have been) involved in building or development.

I have been shown by my neighbour at No. 35 the paperwork relating to this proposal, and it horrifies me.

In the rear, it extends the obstruction to my views from my upper floors; aggravating the damage done by the 1984 extension which was done without giving me any possibility to object.

To the front, it is so close to the houses in Lyncroft Gardens that it must devalue them, and, by extension, my house.

I therefore will be grateful if you will register my objection, and advise me in due course of the procedures involved.

Yours sincerely

Chris. Jukes
