I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

I am concerned about the proposed height of the new development on the site of the multi-storey car park. Five storeys would seriously affect the outlook and light of the one-bedroom properties in Camden House which overlook the site. Some re-development would be welcome, but it should not exceed two storeys.

Please continue on extra sheets if you wish
