2015/3267/P	Local resident	St Anne's close	29/07/2015 09:29:40	SUPPRT	<p>I fully support any proposal that keeps the lane alive. The essence of this area is a buzzy pavement which locals and visitors enjoy in equal measure, and without which the lane will die. I support the idea of external tables and see it as fair that gails should be entitled to a canopy as deep as kalendars and table running to the edge of their ownership. Gails should be given whatever encouragement they can have to run a successful busy operation. to address the comments about sides, in my opinion I would suggest that deep side flaps are allowed on the tesco side (tesco' shopfront does nothing to enhance our streetscape and is effectively dead frontage. If tesco were to do what they originally promised and make an open and friendly shopfront then I would suggest no sides) and some carefully thought through planters demarking the property line on the Fitzroys side, creating a sense of place and arguably improving the setting of the existing retail units, making them more visible.</p> <p>Locals have spent years campaigning to maintain the beautiful outdoor culture of the lane. Gails will be an essential element of this. outdoor tables are exactly what sustains this fragile local retail ecology and here we are being offered a bakery, not a nightclub, and this kind of activity should be encouraged and supported in my view.</p>
2015/3267/P	Daniel Outram	7 St Anne's Close N6 6AR	29/07/2015 10:47:47	SUPPRT	I support this application. Let's help this business thrive.
2015/3267/P	J M Rueger	3 St Anne's Close	29/07/2015 11:15:43	NOOBJEM AIL	I write in support of the application made by Gail's. The new bakery and café will bring a significant improvement of Swain's Lane. It seems only fair that Gail's should have a canopy and seats in front, since the neighbouring two cafés have the same. Outdoor seating is essential for the Lane's social and commercial climate.
