Dear Neil,

I am emailing in support of the objections made by the Camden Neighbourhood Association regarding the installation of a work station with loo by the Billiard Table and the proposal to build a basement at 85 Camden Mews NW1. I do not think it will enhance the Camden Square conservation area.

Best wishes

David

I am emailing in support of the objections made by the Camden Neighbourhood Association regarding the installation of a work station and a loo by the Billiard table (what an intrusive, dangerous, and disruptive idea/ why can't developers and builders use the site on which they are working?).

And I am writing in support of the objections to the proposal to build a basement at 85 Camden Mews. This will certainly not enhance the Camden Square conservation area.

Dear Mr Tulloch and Mr McDonald,

I strongly support the objections made by Camden Square Neighbourhood Association regarding the installation of a work station with toilet at the junction of Camden Mews and Canteloves Road and the proposal to build a basement at 85 Camden Mews NW1 as it would not enhance the Camden Square Conservation area.

Yours sincerely,
Cheryl Woodcroft.
