Details of the pre-application advice received:							
I contacted Patrick by telephone to receive informal advice, rather than submitted a formal pre-application request. Patrick originally advised that the proposed works would be permitted under the Permitted Development rules, and confirmed this advice in an email to me dated 22 July 2015. However, his email made it clear that he believed the property to be a single dwelling whereas it is actually a flat. When I pointed this out he changed his advice, and told me I needed to submit this planning application. However, relying on his previous advice as I believed I was entitled to do, I had already commenced the relevant works to my property.
