Your comments on the planning application

1. With this proposal there will be too many homes and way too many people in such a small road.
With Westfield having approx. 300 people, the new Barratt homes with approx. 300 and this new Anvil development with again approx. 300 people. There will be 900 odd people living within 200 yards of each other. This is much too much for this the road to take.
Bearing in mind the road is also very narrow.

2. Parking will be intolerable. Even though the new homes will not have parking permits, they will still be able to park their cars/deliveries/workmen etc. in the allowed times..

Planning Application Details

3. During the works there is serious concern about how the lorries will gain access to the site.
4. A one way system has to be introduced during the works. Not permanent.
5. Anvil must be made to guarantee no workers cars will park in the road. [we have trouble parking with the Barratts workers now, and they never get parking tickets]
6. Westfield will be overlooked by the new development. and there will be loss of privacy.
7. With the increased number of homes their will be a severe increase in noise.
8. Off street parking for visitors to the Anvil homes should be included as a matter of urgency, to alleviate the parking problems which will result when the development is finished.
8. The Barratts development will not be finished when Anvil start work, this will cause the residents of Kiddderpore Avenue to be severely affected.
9. Barratts need to have finished their work before Anvil start.
