Re Cheriton 20154077P

I am writing in respnse to the above planning application.

When we took the lease on 25 Cheriton it was stressed to us that the shops were for retail premises only. We accepted this on the assumption that other shops such as Partty Party would open up and that individually and collectively we would promote and generate interest in the parade of shops for craft, hospitality and leisure goods etc.

In our opinion, to have a place of worship in the middle of the parade will negate against any promotion we may undertake and deter many prospective clients from visiting us.

Please note our objection.
