Dear Mr Gentet

The hornbeam in our garden is to the side of the house which is the north side. The 3 hornbeams in our neighbour's garden at 102 Frognal are in their back garden just alongside the dividing wall on the north side of our property.

The proposed trimming of 1 - 1 1/2 meters applies to all 4 trees.

As we said in our previous email, that the material from the trees blocks our drains and gullies which could cause flooding.

Wait to hear from you

Many thanks

Jim Colville

Dear Jim Colville

Thank you for your email notification for tree works at the above address and 100 Frognal.

To enable me to process the work to the Hornbeam at 100 Frognal, please confirm the location of the tree i.e front or rear garden and the amount of reduction as it isn't clear whether the 1-1.5m reduction apply for the Hornbeams in the adjacent property only or for all 4 Hornbeams.

Many thanks

**Notification of Intent 100 Frogna1 NW3 6XU**

We would like permission to prune a Hornbeam tree in our garden and the branches of 3 Hornbeam trees overhanging our garden situated in .

the adjoining garden of 102 Frogna1.

Our reason for this is that material from the trees blocks our drains gullies and could cause flooding. Also by next year the branches of trees at

102 will be touching or close to touching our property.

We propose to prune the branches overhanging our property by approx 1-11/2 meters.

I await your response

Regards

Jim Colville
