

2015/3266/P	21 Swains Lane	Erection of a single storey rear conservatory following the demolition of existing outbuilding in connection with retail unit (Class A1).	Matthias Gentet
<p>No objection, comment only</p> <p><u>Rear Conservatory</u></p> <p>The rear conservatory needs to be adequately sound proofed to ensure no noise disturbs the residents of the flats above.</p> <p>The hours that this shop can be open should be restricted to 08.00 to 19.00 so as not to cause undue disturbance (noise or light) to the occupants of the flats above. .</p> <p><u>Other</u></p> <p>There is no reference to any air conditioning / air extraction equipment that may be installed, these should be subject to a separate planning application & particular care should be taken to ensure any noise is kept to below limits that would disturb the residents above.</p> <p>M Narraway HLE CAAC</p>
