2015/3266/P	Amelia Jarrett	23A Swains Lane	23/07/2015 18:14:02	COMMNT	I I live at 23A my windows are approx 10ft from the conservatory that is proposed MY BEDROOM IS LOWDOWN AND AT THE BACK tescos have noise restrictions on their frogbox at the back it has to be 5 db below background noise It rarely is and over the years there have been huge problems with noise. The conservatory would need to be soundproofed so that I do not lose amenity. It is relatively quiet over the day and quieter in the evening.It is my bedroom. Also not clear how high it is and no extractrion fans ACOUSTIC REPORTS NEEDED IMPACT ASESSMENT ineed more info might be ok
