2015/3969/P	Henrietta Spalding	Flat 1 41 Lithos Road London NW3 6DX	10/08/2015 19:07:20	COMNOT	With respect to the above application for 4 rooflights in the front and rear of flat 3, further detail is required on the positioning of the rooflights. The roof itself including the joists and beams immediately above flat 3 are deemed per my lease dated 15th September 2006 a party roof in equal shares by the lessees of the 3 flats. As such it is currently unclear from the application whether the rooflights intended fall within the flat 3 lease terms or without. Such information needs to be provided as part of the consultation to enable the 2 other lessees to consider the proposal in full.
