2015/4011/P	Keith Emmerson	66c crowndale road nw1 1tp	07/08/2015 16:19:43	OBJ	<p>I would like to strongly object to this planning application on the basis</p> <ol style="list-style-type: none"> 1.That there are no Scale drawings and plans which are viewable online and no name for the person applying for planning permission with this application so its hard to know what is being undertaken apart from basic proposals .what size balustrades are being used? , what alterations are being proposed on the roof? 2.That no other residential building in the immediate surrounding has a roof garden and this will change the character of the neighborhood and likely encourage other business's on Bayham place to create similar roof gardens. 3.That it directly impacts my privacy as it overlooks my kitchen and will have a visual impact ,that it may take away light from my kitchen again depending on what the details are 4. That there are noise implications depending on how often its used/time of day. Note this proposal overlooks a sealed off quiet area in between houses where the gardens are. The back of the property is the only part of the house which is quiet due to restrictions on double glazing at the front. <p>i wish to be notified of the committee date</p>
