2015/4232/P	Hannes Ansorg	163 Drummond St Flat 2	04/08/2015 22:14:39	COMMNT	<p>Flat 2, 163 Drummond Street, objects the proposal for two reasons:</p> <p>*significant noise nuisance during the many restauration works required and their time length to work through the whole building</p> <p>*destruction of the original and characteristic setting of the camden people's theatre, which is part of the neighborhood and being situated within the rest of the 58-60 hamsters road building, that would loose its appearance and charms if being restored</p>
