2015/3967/P	Kim Fisher	Office 2.06 175 Grays Inn Road London WC1X 8UE	12/08/2015 20:43:52	OBJNOT	I object the to planning application for this site, as I rent an office in the building. Since the present management purchased the building from The Office Group, they have consistently displayed limited sensitivity to the needs of the tenants and this insensitive approach has on a number of occasions blocked the tenants ability to carry out their day to day business. And for this reason, I object to the planning permission, as I do not trust that the management will carry out the work with sensitivity or consideration for those renting from them. This will obstruct my ability to conduct my business. Also, the management did not inform tenants of their plans regarding refurbishment and encouraged the renewal of leases. This level of deception is highly disconcerting, and again, suggests unprofessional and poor management of the building, which would also suggest an inability to carry out larger works in a manageable, professional and sensitive manner.
