Dear Neil and Rob,

I am writing to support the objections made by the Camden Square Neighbourhood Association regarding the installation of a work station with a loo by the Billiard Table and the proposal to build a basement at 85 Camden Mews as it will not enhance the Camden Square Conservation area.
In addition, I am extremely concerned that the developers wish to run two-way traffic between the development and Canteloves Road. This will cause a huge amount of inconvenience to all us residents as we have the right to come and go and park in the Mews. It could also have a serious impact on any emergency services trying to access our houses as well as our weekly rubbish and re-cycling collections.

Kind regards,
Margaret Harvey
