Sent on behalf of this lady who does not have a computer.

1. I object to cladding on the estate because I and lots of people I know feel the balconies will be made too narrow.
2. we know people with wheelchairs who say it is not just about going down in a straight line, but they need to turn and manoeuvre also eg to get into their front doors-.
- 4, it is difficult enough for them to do this even at the moment and the cladding will make this worse.
5. If they leave cladding off this area, and do the rest of the block it will make a nonsense of the whole aim of the scheme.
6. we think things should be left as they are.
