Dear Rachel English,

I wish to object to this planning application for a basement. It is substantially the same application as one refused by yourselves and now under appeal (due to be heard this Autumn) concerning which serious issues of substance have been raised concerning flooding and the structural integrity of adjoining buildings.

Engineering operations will be required and in this connection I should like to draw your attention to CPG4, para. 1.8

I ask that the application be put on hold pending the outcome of the appeal before the Inspector.

Yours sincerely
