Re: 8 Pilgrims Lane, London NW3 1SL

Dear Rachel,

I live at 7 & 7a Pilgrims Lane, a Grade 2 listed building which is almost opposite 8 Pilgrims Lane.

Like many (if not all) of my neighbours I have complained about the proposed basement at 8 Pilgrims Lane on several occasions, and yet I discovered just today that two new applications (referenced above) have been filed under Permitted Development status. This is despite the fact that the 8 Pilgrims Lane basement application was already refused by the council, and these new applications are substantially the same as that previous application.

I trust there is no impropriety here and hope that the neighbours' concerns will continue to be heard. Particularly since the proposal does not meet key criteria required for Permitted Development, including engineering, geological and traffic management concerns.

Please register my strong opposition to these applications, again.

Thanks,

C. Green
