WE OBJECT TO PLANNING application re mortimer Estate  
EXISTING WALLS ARE DEEP AND KEEP THE  
FLATS WARM. THE INSULATION IS  
ADEQUATE.

There is no legislation making further  
insulation compulsory

Cladding will reduce light coming into our flats.

Cladding will spoil the appearance of the flats.

CAMDEN BOROUGH would be wasting cash in  
performing this unnecessary insulation  
when councils are "strapped for cash".

Payback in lower heating bills would take 200 years  
or more.

Please continue on extra sheets if you wish
