Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

**Flat 5
37 King Henry's Road
London
NW3 3QR**

Proposal:

Replacement of front and rear single glazed windows with new double glazed windows.

Drawing Nos: Site location plan; KHN02C; 3x window specification drawings; & Design and Access Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan; KHN02C; 3x window specification drawings; & Design and Access Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission. [Delegated]

The proposed new double glazed windows are an appropriate alteration to the host building by virtue of their sympathetic design and materials, which would match the existing and would preserve the character and appearance of the building and the surrounding area. Due to their nature and location, they would not result in harm to the amenity of any adjoining residential occupiers in terms of loss of outlook or privacy.

Whilst the development will have some impact in terms of introducing double glazing to a building of this period, such alteration in this location is not considered harmful to the character or appearance of the host building or the street scene due to its minor nature.

No objection has been received. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4 and 7.6 of the London Plan 2011; and paragraphs 14, 17 and 66 of the National Planning Policy Framework.
