2015/3406/P	Christopher Donovan	Flat 1 87-89 Marchmont Street London	14/08/2015 14:13:22	OBJ	<p>My name is Christopher Donovan and I live at (and own) Flat 1, 87-89 Marchmont Street. I have access to a terrace at the back of my property which currently overlooks the sheds which it is proposed will be demolished under this planning application.</p> <p>My kitchen and bathroom also overlook these sheds, and currently receive a lot of light from this side of the property.</p> <p>I have a number of concerns in relation to this proposed redevelopment:</p> <ul style="list-style-type: none">i) the level of noise that a large construction project backing onto my property will cause;ii) the loss of light to my property (to the terrace, kitchen and bathroom);iii) privacy - having a three storey building overlooking my terrace, kitchen and bathroom is of particular concern;iv) noise from the new use. <p>For these reasons I object to this planning application</p>
