Your comments

1. Access to site & its disruption for people living in Kidderpore Ave by large vehicles whilst building is in progress.
2. On-street parking facilities for visitors to all the new builds inadequate.
3. No new blocks should be higher than existing flats in Kidderpore Avenue. In particular in Craft Way as flats would overlook and see into gardens of houses opposite. This would also cause loss of light to tennis courts.
4. As there is a river under Kidderpore Ave, more removal of earth to build garages and foundations would exacerbate the already problematic water problems in the area especially for the Westfield buildings.

Traffic & Parking Issues.

Kidderpore Avenue is already difficult with parking on both sides and used as an alternative to Fenitely Road, it will become "impossible" and dangerous to local residents.

The excavate will affect foundation of existing properties.

The additional building works will cause noise, air and mud damage to what is already a busy road and area.

I strongly object to this planning application
