Your comments on the planning application

1) I am concerned that the plans show that the basement will be increased by 50%. This could cause damage to the structures of both building where there has already been subsidence issues in both houses.
2) These works, particularly the excavation of the basement, will be very noisy and disruptive for all the neighbours.
3) It will also be disruptive as there will be more vans, skips etc and the residents will have reduced parking facilities.
