I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

I strongly oppose the intended planning works on the grounds that they will probably ask to cut down the tree and that tree cannot be cut down as it has a protection order. Also they previously has illegally had lots of parties and created a lot of noise until really late on a regular basis. The other reason is that the extension will ~~be~~ spoil the look of the building and will allow the residents to overlook our garden and into our flat and cut down our ~~last~~ ~~present~~ sunlight.

Please continue on extra sheets if you wish
