

15 REMSTED HSE
To whom IT CONCERNS LONDON NW6
5UT

We wish to express our views on the matter of 'cladding' on our block we are very much against it. The reasons we feel being, as follows,

1/ WE like the original brickwork.
2/ We do not like unnecessary work, & all the disruption, noise, lorries, scaffolding, grime, & endless worry re petty crimes, & also of our health issues & wellbeing. All this disturbance is by far too much for us. We ask hoping this scheme does not go ahead.
Sincerely

John C Tucky
