from sigui, 3 Remstead house. [REDACTED]

objections to the above

1. this has a history on other estates, of condensation despite any ventilation put in- causing damp in the flats- which we do not have at the moment and we do not want it.
- 2.it is unnecessary work not wanted.
- 3.it will make the estate look awful compared to its iconic look at the moment, and make it look odd against the near conservation area.
- 4.the money would be better spent on making necessary repairs to existing problems on the estate like windows, etc.
