Planning Application
Unit 23-24
Cheriton
Queens Crescent
London
NW5 4EZ

Application Reference
2015/4077/P

Camden Council have received a planning permission application for the above property. They sent out letters to Cheriton and Fordcombe for them to comment on the new proposed work on the building of a Mosque. The proposed work is to change the use from the ground floor community centre and centre basement into a place of worship.

This comes with many negatives

- Limited Car Parking Spaces as they will have permission to park in our bays
- Gathering of up to 150 people and more outside our homes daily/weekly/nightly
- Litter will be up immensely and we will be charged for the upkeep and cleaning
- Spitting on our grounds
- Crime rate will increase
- Gathering of all different people from different areas on our streets making noises and disturbances

If you are against the works of a new Place of Worship please sign, print and write your address below

Also you can email planning@camden.gov.uk (please quote ref number as above)

If you could all send an email aswell as this letter this could work better in our favour

Thank you
Residents from Cheriton and Fordcombe
