**Subject:** Planning Application 168 Highgate Road (Bull and Last development) - 2015/4094/P

Dear Jennifer Chivers

I am writing to express our very considerable objection to the proposals for the extension of the Bull and Last pub on Highgate Road - Application Number 2015/4094/P

We are long term local residents and users of the pub over 30 years. We have supported the various changes that have extended and improved the food offer while ensuring that it remains a local pub.

However, the proposals to fill in the space at the rear, alongside Woodsome Road, and to dig down, are absolutely wrong and quite out of keeping with the nature of local area, with the character of the pub building itself and has the danger of over-crowding an already tight piece of city-scape. The also go against Camden's own planning policies.

If the proposal were to go through it would be highly detrimental to an important part of one of Camden's important Conservation areas.

I hope that you will not allow it to go forward.

Sandy Nairne and Lisa Tickner
