Subject: 2015/4310/P 13 Parkhill Road

Dear Sir/Madam

I live next door to the above property.

A third party has received notification of the above planning application, but i have received no letter, no phone call, no notification of any kind. Apparently they are seeking planning permission to do something to the rear of their property. I would appreciate camden closely scrutinising the plans for 2015/4310/P as the property which i rent shares a drain, which is accessed at next doors property - ie my drain is on the other side of the fence, and camden need to maintain right to access to the drain.

Would you be kind enough to do a flood risk assessment of this property? I am at 13d Parkhill Road, in the basement flat.

Thank you

Kind regards

Christine
