I totally object to the place the recommendation for a place of worship and community centre to serve one group of people when there are many places like this within Camden where people can travel to easily. I would prefer to see the units 23-24 ^{used} for the good of community for example a youth centre for the teenagers that roam the streets with nothing to do; or perhaps a day nursery or a centre for pensioners to get together -

Please continue on extra sheets if you wish a space for all reasons
