Dear Mr McClue

Ref number 2015/4030/P

I only found out about the plan to cover over the brickwork of my home - Broadoak House - and paint it white and grey this morning. I had no idea about this before that.

Why haven't the council told us about this a long time ago? Why have I had to find out about this from another resident?

This has really upset me. This is my home. I like the brickwork the way it is and so does everyone else I know.

I know the council are trying to modernise buildings but they are making them worse and not giving anyone time to think about it all. I don't want to be surrounded by big white blobs. The council could just as well knock all the buildings down.

None of the other residents know about this as we would have talked about it before and so I am going to put a notice on the entrance right now. I

I need more time to think about what you want to do before this goes ahead.

Lilian Asiton
2 Broadoak House
