Dear Mr McClue

I wish to file a strong objection to the planning application 2015/4456P for the historic building of the Admiral Mann to be converted.

Firstly this is a second application by someone who terms themselves a 'pub conversion specialist' - there clear intention is to make the building as profitable as possible not to conserve what has been a pub since the 1870s.

This pub houses many community based activities and these should be protected. There are fewer and fewer pubs that cater for local people in the area and in London as a whole.

It is listed as an asset of community value ACV and this should be respected.

I strongly urge the coucil to refuse this application

Yours
