2015/4151/P	Rebecca Cousin	15 Rudall Crescent	21/08/2015 15:09:31	OBJ	The side elevation of number 13 looks into the front windows of my house. Could I request that frosted glass is used for the side door and that it remains a single door. It current glass you can't see through and it is a single door so with the door closed we get some privacy.
