25 August 2015

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
Flat 7 Akenside Court
26 Belsize Crescent
London
Camden
NW3 5QT

Proposal:

Erection of a trellis to the north eastern boundary wall.

Drawing Nos: Location and site plan dated 21/06/2015, photos of proposed trellis dated 21/06/2015, Section through garden wall and trellis and trellis details received 22/07/2015.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

Location and site plan dated 21/06/2015, photos of proposed trellis dated 21/06/2015, Section through garden wall and trellis and trellis details received 22/07/2015.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The installation of a trellis is considered to be appropriate in terms of location, scale, materials and design and will not harm the character and appearance of the Fitzjohns Netherhall Conservation Area. The proposed trellis above the existing boundary wall would create a permeable boundary treatment, which would overcome the potential for the negative impacts of loss of light or obstructed views. The trellis will measure 60cm high and will step down in height with the existing brick wall. The overall height would be in keeping with the height of the adjacent boundary of Roscommon House which already benefits from a trellis to the boundary wall.

The proposed works are not considered to have any significant harmful impact on the amenity of any adjoining occupiers.

Four letters of support have been received from adjoining occupiers. The site's planning history has been taken into account when coming to this decision. Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden

Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
