2015/3885/P	Michael Pountney	15 Rokeby House	25/08/2015 11:32:28	COMMNT	<p>It is unclear whether this application would involve any loss of original fabric. if it does we would object to the creation of a roof terrace if it entails removing all or part of an 18thC roof. For the same reason we would object to the loss of original staircases to the basement.</p> <p>If the "non-original partition walls" are not modern, but from some later historical period such as the Victorian we would object to their removal also.</p> <p>We hope that the application will be carefully assessed by English Heritage as well as by Camden's historic buildings officers</p>
