2015/4178/P	Malcolm Baker and Jesse Carrillo	31B Camden Park Road	25/08/2015 09:50:00	COMMNT	A sensitive, elegant and well-judged addition, using appropriate materials. It is good that the extension at the upper ground level will be limited to the existing projection and will not extend further across and so interfere with the view from flat B above. As the owners of flat B, we appreciate the care that our neighbours and the architect have taken over this.
