## THE PRYORS, EAST HEATH ROAD, LONDON NW3 1BS

T9 - Honey locust x 1 - remove major deadwood - exception

T16 - Sycamore x 1 - reduce to no less than 17m in height and accordingly in spread but not less that 10m in its

E-W dimension. (In N-S to around 7m radius on N side and no reduction on S side)

Reasons: decay noted at about 5m above ground level, minor reduction via thinning of upper extremities 'drop crotching recommended to make crown more compact and addressing greater exposure following removal of neighbouring tree.
