2015/4077/P	Abid Al-Rahman Noori	56 lissenden mansions Lissenden gardens London Nw5 1pr	27/08/2015 19:55:01	OBJ	During my years of residence in this area never have I seen an istablishment that can bring together the community like this.  Every person should have the right to practice their religion. London is the home of cultural diversity in the UK. closing the place of worship causes inconvinance to the people of the area as it stops them from conducting their spiritual beliefs.
