| 2015/4536/P | Adam Foster | Flat 1 125 Goldhurst Terrace London NW6 3EX | 26/08/2015 09:31:07 | OBJEMAIL | My partner and I, co-owners of our property, object to the proposed extension on the following grounds; <ol style="list-style-type: none">1. Light into our garden and back room would be considerably reduced.2. Our privacy will be impacted as the extension will overlook the rear of our flat and garden.3. The area is already densely developed and therefore the extension would only add to the issue.4. As the extension is in a conservation area, the design is out of character with the surrounding neighbourhood.5. We would lose our existing sky view. |
| 2015/4536/P | Gareth Williams | Flat 1 129 Goldhurst Terrace | 27/08/2015 21:44:15 | OBJEMAIL | I object. The extension will block out light and there is not sufficient room for it |
