Hi Jonathan – apologies for the delay. As we are doing this as the Residents' Association, things naturally take some internal discussion.

Yes, in view of your comments below, naturally we are happy to withdraw that application and work with you to reach an acceptable proposal. It will be best (and doubtless most efficient) to work on this in a collaborative fashion.

We are discussing amongst ourselves how to approach the next steps (ie whether to hire an Heritage Architect, and if so, who).

As I won't have so much time available in future, Bernard (copied) has kindly agreed to take over as the main contact for this. Bernard will be in further contact with you shortly.

Best regards
Rod.
