

15 REMSTED HSE
To whom IT CONCERNS LONDON NW6
5UT

We wish to express our views on the matter of 'cladding' on our block, we are very much against it. The reasons we feel being, as follows,

1/ WE like the original brickwork.
2/ We do not like unnecessary work, & all the disruption, noise, lorries, scaffolding, grime, & endless worry re petty crime, & also of our health issues & wellbeing. All this disturbance is by far too much for us. We are hoping this scheme does not go ahead.
Sincerely
