2015/4786/P	Benjamin Bullock	25E Buckland Crescent London NW3 5DH	31/08/2015 19:05:20	OBJ	We live in the top floor flat in 25 Buckland Crescent. We are concerned that this proposed dormer and roof terrace will overlook our existing roof terrace and invade our privacy. Moreover, we have a side window within an existing dormer of 25 Buckland Crescent which is facing the side of 23 Buckland Crescent and we are concerned that the proposed roof terrace will enable the owners to overlook our side window and view into our property.
