2015/4077/P	Jamila Sharifdahir	48 Chelwood Grafton road NW5 4RG	28/08/2015 15:04:46	PETITNSU PP	I have been using this community centre for the past few years and have found it to be very beneficial with regards to socialising and learning and has assisted me in achieving more from my studies.
2015/4077/P	Luul Adan	48 Chelwood Grafton Road NW5 4RG	28/08/2015 14:44:20	COMMNT	Good afternoon, I am one of the elders of the community and wanted to stress the importance of this centre as it has provided a place for my children to not only learn but to also socialise with many other children from the community.
2015/4077/P	Omar Sharifdahir	48 Chelwood Grafton road NW5 4RG	28/08/2015 14:27:55	PETITNSU PP	This centre was the backbone of our community and many people of the community have been attending different courses regularly within the centre. I truly believe it will be a disappointment to the community as a whole if the planning application was to be denied.
2015/4077/P	Paul McCaffrey	134 Southfleet Malden Road NW5 4DG NW5 4DG NW5 4DG	31/08/2015 12:48:36	OBJ	I endorse all objections made about this application.This application is disingenuous as was the last application 2009/0626/P pertaining to this property.Both have been submitted by the same person.The original application sought to change the retail premises to a training centre on the ground floor, and office at basement level in theory,in practice this was not the case.The ground floor was used as a prayer room/mosque featuring a basement area replete with foot washing facilities.The only reason this current application is being made is that the applicants duplicity has finally been recognised by Camden Council after 6 years of denial.I say to the planning committee do not be duped on this occasion.Last Monday 24 August an audience,invited by the applicants attended a stage managed event at the property,to demonstrate in front of professional sound engineers how quiet they were,this was at 7.45pm and bears no relevance to the comings and goings of all hours of the day and night at the building during the past six years.This is contrary to the condition in the Amenity section of planning officer Elizabeth Beaumont's Officer Delegated Report,and based on what I have seen. In conclusion the applicants say there is no other suitable premises in the area,conveniently overlooking the Somali Community Centre in Lismore Circus which is 3 mins walk from some of the signatories on their petition.

2015/4077/P	Objection	Halstow	28/08/2015 18:39:52	COMMNT	Dear sir/madam Since the middle of July Since this change of use application went out All but one LIVE IN RESIDENTS has totally rejected this yet we have had to endure the stress of your decision, Surely you can see our concerns of having ANY place of worship on our quiet estate, there are many single women with children that are petrified of having gatherings of men outside their homes. Also there is a lot of spitting and litter dropped which we just do not want on our estate, And ask yourself how you would like to be woken up at one in the morning with the noise of these people coming and going and what about the people that live here and are unable to park at the best of times, This estate is not designed for being a place of worship for anyone its a place where people live and our privacy and safety and happiness must come before anyone's desire to worship.
