The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The works hereby approved are only those specifically indicated on the drawing(s) referred to above.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP25 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Reasons for granting listed building consent.

The proposed rear infill extension would occupy a small patio area to the rear of the property between the side elevation of the existing rear addition and the boundary wall of the site. The size, scale and design of this modest addition is considered to form a subordinate addition that would preserve and enhance the appearance of the host building. Additionally, the glazed roof and façade would further ensure that the extension appears as a lightweight structure that preserves the buildings character and special architectural interest.

The proposed internal alterations are minor in their nature and will not involve the loss of any significant or historic fabric, and are therefore considered to preserve the buildings, character, appearance and special architectural and historic interest.

One objection was received following statutory consultation. The sites planning history and relevant appeal decisions were taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policy DP25 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policy 7.8 of the London Plan March 2015, consolidated with alterations since 2011, and paragraphs 14, 17 and 126-141 of the National Planning Policy Framework.
