Dear Mr McClue,  
I am a leaseholder at 50 Dobson Close and have submitted my objections to this application already.  
I note that Camden's planning guidance is to resist cladding. P28 enclosed document.  
Clearly the reasons Camden state for resisting are valid here.  
I appreciate that you are a professional and expert in this field and will be well aware of this.  
Is it possible to add this to my grounds for objections?  
Many Thanks  
JUSTIN BARRINGTON
