| 2015/4920/P     | Kathryn Gemmell  | 3 Ivor Street<br>NW1 9PL | 04/09/2015 14:44:37 | OBJ      | This proposal is a gross over development with the proposed additional floor making the overall height and massing completely out of character and scale with the 2-story adjacent buildings in this conservation area. It negatively impacts the conservation area. In addition the proposed new extension will overlook bedrooms and bathrooms of properties in Jeffrey's Place and Ivor Street. Whilst the developer has suggested they have provided waste storage in line with Camden's requirements they have not been specific in this submission and I do not believe they have provided sufficient for this building to prevent occupants putting rubbish out on the street. I urge you to refuse this application. |
| 2015/4920/P     | Andrew Gemmell   | 3 Ivor Street<br>NW1 9PL | 04/09/2015 14:47:28 | NOBJ     | This proposal is clear and greedy over development with the proposed additional floor being completely out of character and scale with the surrounding buildings in this conservation area. It therefore negatively impacts the conservation area.<br><br>In addition the proposed new extension will overlook bedrooms and bathrooms of properties in Jeffrey's Place and Ivor Street.<br><br>I urge you to refuse this application.                                                                                                                                                                                                                                                                                        |
